MEMORANDUM FOR : Project Comptroller

SUBJECT : Clothing Issue for Base "B" Security Staff

REFERENCE : SAPC-8186, dated 31 July 1956

25X1 1. I have discussed the reference with both [] and [] and we all agree that in view of the short time that exists before the disappearance of Base B, and because any clothing purchased here would have to be carried overseas as air freight, the probable best course of action would be to T&X an authority to Base B for local purchase of these items, in the quantity specified in the reference. 25X1

25X1 2. I assume that there would be no problem in giving [] such an authorization, and since the khaki trousers and shirts are undoubtedly stocked in the [] AFEX store, those personnel receiving them would probably get a better fitting than if we relied solely on their stated sizes. 25X1

25X1 3. If you concur, would you please take steps to T&X [] the necessary authorization to permit purchase of these items?
